SWARUP KADAM

Email: kadamswarupas@gmail.com | Phone: +91 89288 01318 | Location: Mumbai, India

PROFESSIONAL SUMMARY

Cloud and Full-Stack focused MCA student with hands-on experience building real-world systems including Azure cloud automation platforms, full-stack web applications, and Java-based game engines. Skilled in React, TypeScript, Node.js, REST APIs, and Microsoft Azure infrastructure automation. Experienced in building scalable backend systems, cloud management tools, and AI-integrated dashboards. Passionate about Cloud Engineering, DevOps automation, and intelligent infrastructure systems.

TECHNICAL SKILLS

Programming: Java, JavaScript, TypeScript, SQL

Frontend: React.js, Next.js, Tailwind CSS, HTML5, CSS3, Vite

Backend: Node.js, Express.js, REST APIs, API Design

Cloud & DevOps: Microsoft Azure, Azure SDK, Azure Resource Manager (ARM), Cloud Automation

Systems: Object-Oriented Programming, Game Development, A* Pathfinding

Tools: Git, GitHub, Postman, Vercel, Linux CLI, yt-dlp

PROJECTS

Cloud Management & Monitoring (CMM) – Azure Automation Platform

Developed a web-based Azure automation platform to manage VM lifecycle operations including Start, Stop, Deallocate, and full resource deletion.

Integrated Azure SDK and ARM APIs to automate infrastructure management through a custom dashboard.

Designed system architecture enabling real-time infrastructure monitoring and future AI-based command execution.

U-Tube – YouTube Metadata & Downloader

Built a full-stack YouTube metadata and downloader application using React, TypeScript, and Node.js.

Implemented backend APIs to fetch video metadata including title, thumbnail, duration, and quality.

Integrated yt-dlp engine to download best-quality video/audio streams and automatically merge into MP4.

Adventure Time – Java 2D Action RPG

Developed a Java-based 2D top-down RPG game engine using Swing and AWT with tile-based exploration and combat systems.

Implemented enemy AI with A* pathfinding, inventory management, NPC interactions, and save/load functionality.

Designed modular architecture supporting maps, lighting cycles, projectiles, and dynamic gameplay systems.

EDUCATION

Master of Computer Applications (MCA) | 2024 – 2026

Bachelor of Information Technology | 2020 – 2023

CERTIFICATIONS

Microsoft Azure Administrator (AZ-104)

Cisco Certified Network Associate (CCNA)

NPTEL Java Certification
